Success stories: Our welcomes coordinator Catriona Dawson has done an amazing job in the past six months with our multitude of new arrivals. She and her team have been extremely helpful with the switch SLB has made with relocation companies. Although things did not always run smoothly with the handover, Catriona was there to pick up the slack when necessary. As one newcomer stated, “Catriona is great at getting people involved. She even picked me up from temporary housing to bring me to the SSA coffee morning. She was always there to answer my questions cheerfully.” The welcomes team led by Catriona has made a special effort to bring people together. When someone arrived who did not speak English, she made sure that someone who spoke their language was at the coffee mornings to help welcome them.

Ongoing social activities include: We are always keen to plan for a gather at least once a week. We planned a day that is suitable for the most, (Thursday) and each Thursday we make an event and all those activities are ongoing consistently. Thursday the committee meets, 2nd Thursday is for the Coffee mornings, 3rd Thursday is for the sightseeing trips, 4th Thursday is for the cooking classes

QHSE initiatives include: No QHSE initiatives took place since September and up till now, but there are plans to continue the First Aid training course held last June as well as tackling other QHSE areas that could be provided to SSA members.

Charity activities include: There is a Fund Raiser party that is being discussed. It is planned to take place in September at SLB Katameya Base. Up till September, we are planning some smaller events like a “Bring and Buy” event that will take place in April on the International Day.

Share a success story: The coffee mornings are usually a gathering that many SSA members are keen to attend. So we thought of making use of this great event where many ladies participate and instead of only socializing, we can introduce some entertainment or give some tips. As well as to encourage the ladies who have any talent to demonstrate it and share it with the group. By applying this, we started by bringing folkloric dancers that entertained and taught belly dancing, Alexandrian dancing as well as Nubian dancing, all the three dances are Egyptian dances. In following CMs, one of the ladies will demonstrate some beautiful ideas for gift wrapping, then another will demonstrate card making, the other is artificial flowers making, making flowers from fruits and vegetables and etc... and the most special part is that all those demonstrations come out of the SSA Team themselves. The idea was so successful, many ladies loved to participate with anything they can demonstrate as well as that many other ladies looked at the CMs as social gatherings that cannot be missed.

Share a Success Story: We are proud to say that although we only have 7 members previously, we managed to organize a small fund raising event. Most Schlumberger families, employees and friends came and had a fabulous time. We sold drinks, food, played games and had a raffle. Nothing was wasted as all food and drinks that we were unable to sell were sent to the charity school and the children were thrilled to receive the treats. We also managed to collect clothes and electrical prizes. The event raised about US \$2000 in cash. Well done and thank you to all SSA members in Sudan.

Amy has embraced her position and has successfully organized local tours and events so we have at least one event a month in addition to the coffee mornings. Her efforts are helping friendships to develop and also helping to get more ladies involved in our group. The events are more than just social as they are helping us to learn about Kuwait and local traditions. The activities are getting ladies out of their houses and helping them to adjust to living in Kuwait.

 Ongoing social activities include: Board meeting; Coffee mornings
 QHSE initiatives include: We had a meeting with our QHSE Manager during our last AGM. The spouses that needed further clarification brought up a lot of safety issues.
 Charity activities include: We had a successful Charity Lunch organized recently at the Hyatt Regency. The turn out was really good and a few who couldn't make it contributed as well. All money raised from this lunch will be used to support a new school for children who live on the streets and in the slum areas in Nallasopara. The school needed school supplies especially notebooks and the money we raised will be used to buy supplies and will be given to the school.
 Special events include: Baby showers; Lunch; Family Fun Day; Mother & Toddler Group; Cooking Classes
 Share a success story: In December, Sharifah and her team organised an amazing Christmas party for our children. This turned out to be the largest event the SSA in Mumbai (which has almost doubled in size from 45 to over 75 members in 1 year!) has ever had with 80 children and 80 adults attending. We are so lucky to have such a fabulous support from Marcio deSilva and SLB to fund these types of events.

In February this year, we had a baby shower for Mehendi Paul which was entirely successful because she went into labour that very afternoon and delivered a healthy baby boy the same day!

The Chapter held in [formal](#) elections in [September 2006](#) and will hold their next elections in [September 2007](#)

They have [47](#) spouses, [0](#) male and [2](#) dual career

They have had [2](#) new arrivals between [September 2006](#) and [February 2007](#), and [12](#) departures.

Ongoing social activities include: [Monthly coffee mornings](#)

Charity activities include: [Every Tuesday afternoon](#) for the last 5 months, the spouses we have been rotating to bring the dinner to [67](#) children from the [Alfa Orphanage](#). The children (boys and girls) are between the ages of [2](#) and [17](#). Each week a couple of ladies prepare the food and another group buys sweet breads for dessert. At every coffee morning, we ask the spouses to contribute toward the purchase of the juice and soft drinks that the SSA carries on each Tuesday. The ladies have been cooperating a lot and we have been able to maintain this Tuesday afternoon activity even during the Christmas month period.

Special events include: [October 2006: International Day](#). We have organized an International breakfast with the participation of the following countries: [Peru](#), [Argentine](#), [Bolivia](#), [Colombia](#), [USA](#), [France](#) and [Chili](#). We prepared the food from all those different countries from donations from the spouses. No SSA funds were used for the event. As a special treat, we danced the French Cancan. Halloween Party for Schlumberger children. Venezuelan Day. The very large group of Venezuelan spouses organized a special breakfast for all of us where they prepared foods from different regions in Venezuela. They also gave us a tour through the different regions and the spouses dressed in traditional clothing. The event was fully sponsored by the Venezuelan spouses and did not use any SSA funds.

Success stories: We did organize a large Christmas party for the children from the Orphanage with some money that we have collected from the husbands. We bought a piñata and we were able to give a Christmas present to each child. One of the spouses purchased all of the gifts in the USA. We also sponsored all of the food for a Christmas party of [140](#) handicapped children.
